

STRINGING INSTRUCTIONS

3 HYBRID HORNET

String Instructions

2-Piece Stringing

String tension: 30 +/- 4

String pattern: Power Ring 16 x 19

Length: 23' Mains x 17' Crosses

Mains

Start at head. M's skip at 5H, 7H, 9H, 10H, 12H, 13H, and 14H. Shared hole at 11H and 15H.

Mount the racquet to the stringing machine with the Ektelon logo on the butt cap facing up.

* Wrap the left half of the mains over the top and around the Power Ring, and the right half of the mains under then over the Power Ring.

Short Side

1. 1H-L to Power Ring back up to 2H-L (tension and clamp)
2. 1H-R to Power Ring back up to 2H-R (tension and clamp)
3. 3H-L to Power Ring back up to 4H-L (tension and clamp)
4. 3H-R to Power Ring back up to 4H-R (tension and clamp)
5. 6H-L to Power Ring back up to 8H-L (tension and clamp)
6. 6H-R to Power Ring back up to 8H-R (tension and clamp)
7. 11H-L to Power Ring back up to 15H-L (tension and clamp) and tie off at 8H-L
8. 11H-R to Power Ring back up to 15H-R (tension and clamp) and tie off at 8H-R

Crosses

1. Tie starting knot at 6H-R
 2. Start at 5H-R and weave across to 5H-L, then down to 7H-L and across to 7H-R
 3. Continue installing cross strings conventionally. Finish and tie off at 24H-L.
- * It is recommended to use a table-brake when stringing cross strings.
